WENDELBO

Sinum / Support for all seating positions

Deriving from the Latin word for 'pocket', the Sinum Chair aptly takes up little space in a room. The seat is characterised by a curved pocket of padding enclosed by either low or high armrests sloping upwards to the slightly tilted backrest. Sinum is available with two base options in black powder-coated steel – a classic four-leg tube base and a swivel base with optional return function.

DESIGNER
