## Range

# KRISTENSEN CHAIRS

KRISTENSEN CHAIRS is the name of our collection of custommade designer chairs. The series features 6 different chairs designed by some of the greatest and most interesting scandinavian designers.

### Designet af

Poul M. Volther  
Steffensen & Würtz  
Mia Lagerman  
NUR Design  
Nissen & Gehl  
Hans Sandgren Jakobsen

### This range include

Dining chairs

## Features

### Design elements

Choose between different designer chairs.

### Custommade

If you have a special request for the fabric on the chairs, we often can accommodate special requests.

### Wood colours

Choose between more than 10+ different wood colours in both ash and oak.

### Sustainable choice

Solid wood furniture can last a lifetime with proper maintenance

*SAKS (KC01) - Designed by Poul M. Volther*

The visual and physical appearance of the SAKS chair clearly represents all the design values and principals that Poul M. Volther focused on bringing into his designs. With the chair being comfortable, functional, well crafted and visually pleasing, it truly has the potential of becoming a true 'Danish Design Classic'.

The name, SAKS, means scissor in danish and refers to crossing legs and their shape. With the significant design and beautifully lines, the SAKS chair will bring character and create a harmonic and pleasing look around the dining table.

*RAM STEEL (KC02) - Designed by Steffensen & Würtz*

Ram Steel

Ram Steel Comfort

The shape of the back is what characterizes RAM. The harmonic lines and dropping curve on the slightly oversized back mimics the shape of a rams head and horns.

The RAM chair is created with the intention to make a dining chair that is flexible in its form and function so it will easily match different interiors and tables. RAM is designed with two different leg types, steel or wood, which each bring its own character to the chair. With the steel legs, the chair is stackable and therefore it is perfect for environments where extra chairs often is needed.

## METRO (KC04) - Designed by Mia Lagerman

With the METRO chair Mia wanted to make a simple yet comfortable wooden chair suitable for many types of rooms, contexts and styles. Light, shadow and simple shapes create a contemporary look, exploring a new take on a classic chair type. Looking out the studio window at a construction site of the new Copenhagen metro line the name came naturally, emphasizing an urban quality.

The METRO chair is characterized by the organic curved armrests and the back legs, which in an elegant way also serves as a comfortable backrest support.

VEIFA (KC05) - Designed by NUR design

Based on architectural principles and the Scandinavian tradition, the VEIFA Chair is an innovative take on a timeless idiom. The curved backrest embraces and supports the body, while the harmonic shape is an approach to the minimalistic design idea of "less is more".

Attracted to its elegant curves, this chair is an eye-catching piece of furniture that brings a light expression and yet a strong and solid construction. VEIFA is the Icelandic word for waving and this friendly gesticulation is the essential generator of this light and welcoming chair design.

*NORDIC (KC06) - Designed by Søren Nissen*

The NORDIC chair is designed by Søren Nissen from Nissen & Gehl. A renowned Danish architect duo who have often been compared to their even more famous colleague Hans J. Wegner. NORDIC refers to classic notes in Danish design history but it brings something new by virtue of an innovative seat - shaped like a bowl. This seat design makes the interaction between body and chair a soft and welcoming experience.

*MINESTRONE (KC07) - Designed by Hans Sandgren Jakobsen*

The Danish designer Hans Sandgren created this chair on behalf of the philosophy "Less is more". He believes that a piece of furniture should consist of just the essential - then it will appear clean and simple.

Minestrone's three-dimensional designed back provides optimal back support. An important detail when it comes to having fun with friends and family around a well-set table.

## WOOLY FABRIC

*Recycled felted wool*

Wooly is made of felted recycled wool. It may be leftover material from clothing manufacturing or other wool products that are recycled. Each kilogram of pure new wool produced generates 9 kg of carbon dioxide. Processing 1 kilo of recycled wool generates just 0.5 kg of carbon dioxide.

**Material:** 70% recycled wool, 25% polyamide, 5% mixed fibers

**Martindale:** 150,000

**Maintenance:** dry cleaning

**Manufacturer:**

**nevotex**

See the many colors on:  
[www.nevotex.com](http://www.nevotex.com)

## MARGRETHE FABRIC

*Recycled woven wool*

Margrethe is made of woven recycled wool. It may be leftover material from clothing manufacturing or other wool products that are recycled. Each kilogram of pure new wool produced generates 9 kg of carbon dioxide. Processing 1 kilo of recycled wool generates just 0.5 kg of carbon dioxide.

**Material:** 70% recycled wool, 25% polyamide, 5% mixed fibers

**Martindale:** 250,000

**Maintenance:** dry cleaning

**Manufacturer:**

**nevotex**

See the many colors on:  
[www.nevotex.com](http://www.nevotex.com)

## MEGAN FABRIC

*Polyester Velour*

Megan is a soft and elegant polyester velour, which contributes with an exclusive look.

Material: 100% polyester

Martindale: 170,000

Maintenance: Washable at 40°

Manufacturer:

**nevotex**

See the many colors on:  
[www.nevotex.com](http://www.nevotex.com)

## MINE FABRIC

*Polyester Chenille*

Mine is a soft yet durable chenille fabric with many applications.

Material: 96% Polyester, 4% Nylon

Martindale: 45.000

Maintenance: Washable at 30°

Manufacturer:
